Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I have to have my phone because its the only way my kids school have to get a hold of me. I cant afford to day any more then I do now. I have to much to pay for with out you doing this to people that cant afford it.

Thank you,

Naomi Bennett

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.
